Strawberry

Strawberries are soft, sweet, bright red berries. They're also famous for its delicious. Strawberries have tiny edible seeds, which grow all over their surface, when ripe, strawberries smell wonderful and taste even better. In India, strawberry grown in the hilly slopes of Mahabaleshwar, which accounts for about 85 percent of the total strawberry produced in India. Strawberry, along with raspberry, mulberry and gooseberry, also produced in and around Mahabaleshwar. Packed with vitamins, fiber, and particularly high levels of antioxidants known as polyphenols, strawberries are a sodium-free, fat-free, cholesterol-free, low-calorie food. They are among the top 20 fruits in antioxidant capacity and are a good source of manganese and potassium.
